

Our clinicians utilize family systems model to assist families in addressing concerns within the home such as mental health issues, developmental disabilities, maladaptive family dynamics, substance abuse, LGBTQI, truancy, behavioral issues, and codependency.

Clinicians from Bilingual Family Consultants, L.L.C. conduct in depth assessments, assist in diagnosis and referral of youth's and families to the appropriate services.

We assist at risk families conducting crisis counseling and intervention, emotional support, anger management, substance abuse counseling and cognitive – behavioral therapy. In addition, we provide behavior modification with classified special education students.

Intensive In-Community Service (IIC) is an analytical, focused goal oriented, and needs based clinical intervention that addresses emotional and behavioral challenges of youth with moderate to high needs.
